Favorite Experience as a Volunteer (Q3)

Total respondents for this question, n=28

Final Comments...

Three responses:

- “I love the mission and programs at CCGD! It is a very much needed service!”
- “I can't say enough about the staff with CCGD - a great group of people, who do very important work.”
- We are available as needed for Hampstead & Sandown but have done Danville & Derry locally. As a driver, we have not heard how other parts of the program are going. We acknowledge "tech" plays a lot in changes & challenges. I believe working with other non-profits are essential.”
