

Planned Giving

What our donors say:

"It has been a privilege to have been involved with Caregivers as a volunteer and donor for over 25 years. Living in a community that has little public transportation prevents many clients from maintaining their independence in their own homes. Home situations change on a daily basis, and each of us never knows when he/she may need outside assistance to remain in one's home. Your contribution may be helping a neighbor...I know mine does. Community Caregivers will continue to have my financial support."

- Suzanne Hunt

"Community Caregivers is the BEST organization I've had the pleasure and honor of volunteering with. I look forward to Wednesday visits with my elderly friend. We laugh, exchange memories and opinions, and sometimes tears. She's a widow with no family. I'm one of the few things that brighten an otherwise solitary existence. That feeling is indescribable. It takes a village. Community Caregivers is just that...COMMUNITY. Consider giving...You can make a difference!"
